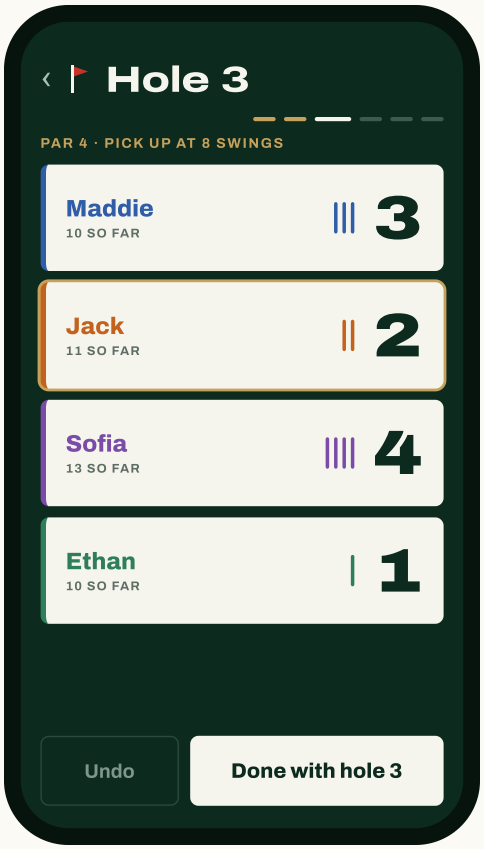
GOLFJOT

FOR YOUTH GOLF COACHES

No more cards on match day.

Build the groups the night before. Each scorekeeper gets the card on their phone, and the scores add themselves up.



1 **The night before**
Pick who plays and how big the groups are. GolfJot suggests groups from your rules. Move anyone you like.

2 **At the first tee**
Read out one 4-character code. Every card adds itself up. No handwriting, no totaling at the car.

3 **During the match**
Follow every group as scores come in, instead of collecting cards at the end.

SCOREKEEPERS NEED

No account.
Nothing to download.
No signal on the back nine? Still works.
